

To the parents/ guardian

Holy Spirit Series

Sunday 17 May

Ages 4-12

Lesson 2: He gives us Super powers!

Why this series?

At the end of this series, we would like all of the kids to understand and know that Jesus died and went up to heaven, but that He sent us His Spirit, the Holy Spirit, to help us do His work here on earth. In addition, we would want all the kids to be filled with the Spirit.

Proposed program:

1. Parents explain what

this is all about and then pray with the kids to ask God to speak to EACH child. We are trusting Him that this would change their lives. You can ask what they remember from last week if you watched it.

2. Use the link provided to go to the Worship songs. We ALWAYS explain to the kids WHY we worship. We talk about it: He is so good, He is our King- that is why we lift up our hands or bow down. Just look at His incredibly creation, wow! We do it because we are so thankful to know Him. (Tip: do the worship with

them so they can follow your example).

3. Get your Bibles ready. Sit down and watch the video together as a family. Feel free to pause and to answer questions. Afterwards, you're welcome to carry on with the ministry time. You can take this opportunity to anoint every child, and give them time to anoint you too!
4. Do the craft with the kids as per instructions given.

As said before, this will be so much more effective if you sit down and watch this

WITH your kids. You'll be surprised at how the Holy Spirit will minister to you as well.

See you next week!

Love

Shofar Kids Lockdown Team
